| Balance stop spring . . . . .                       | 1 pce     | l      | 20 pces            |
| Banking pin . . . . .                               | 5 pces    | l      | 100 pces           |
| Barrel arbor . . . . .                              | 1 pce     | m      | 10 pces            |
| Barrel complete, without mainspring . . . . .       | 1 pce     | m      | 10 pces            |
| Blocking lever . . . . .                            | 1 pce     | m      | 10 pces            |
| Blocking lever spring . . . . .                     | 1 pce     | l      | 20 pces            |
| Bridle . . . . .                                    | 5 pces    | l      | 100 pces           |
| Calendar wheel . . . . .                            | 1 pce     | m      | 10 pces            |
| Calendar wheel nut . . . . .                        | 5 pces    | l      | 100 pces           |
| Calendar yoke . . . . .                             | 1 pce     | l      | 20 pces            |
| Calendar yoke spring . . . . .                      | 5 pces    | l      | 100 pces           |
| Cam with cannon . . . . .                           | 1 pce     | l      | 20 pces            |
| Cannon pinion . . . . .                             | 1 pce     | m      | 10 pces            |
| Cap jewel with endpiece, upper or lower . . . . .   | 1 pce     | l      | 20 pces            |
| Center pipe . . . . .                               | 5 pces    | l      | 100 pces           |
| Center wheel (decentred) . . . . .                  | 1 pce     | m      | 10 pces            |
| Center wheel with cannon pinion . . . . .           | 1 pce     | h      | 5 pces             |
| Chronograph runner, mounted . . . . .               | 1 pce     | h      | 5 pces             |
| Click . . . . .                                     | 1 pce     | m      | 10 pces            |
| Click spring . . . . .                              | 5 pces    | l      | 100 pces           |
| Clutch wheel . . . . .                              | 1 pce     | m      | 10 pces            |
| Connecting plate . . . . .                          | 1 pce     | l      | 20 pces            |
| Conveyor, mounted . . . . .                         | 1 pce     | h      | 5 pces             |
| Conveyor spring . . . . .                           | 5 pces    | l      | 100 pces           |
| Coupling clutch, mounted . . . . .                  | 1 pce     | m      | 10 pces            |
| Coupling clutch spring . . . . .                    | 1 pce     | l      | 20 pces            |
| Crown wheel . . . . .                               | 1 pce     | m      | 10 pces            |
| Crown wheel core . . . . .                          | 1 pce     | l      | 20 pces            |
| Crown wheel ring . . . . .                          | 5 pces    | l      | 100 pces           |
| Crown wheel seat . . . . .                          | 1 pce     | l      | 20 pces            |
| Date jumper . . . . .                               | 1 pce     | l      | 20 pces            |
| Day jumper . . . . .                                | 1 pce     | l      | 20 pces            |
| Day wheel . . . . .                                 | 1 pce     | l      | 20 pces            |
| Device "Duofix", "Lubrifix", "Shock" . . . . .      | 1 pce     | m      | 10 pces            |
| Disengaging wheel . . . . .                         | 1 pce     | l      | 20 pces            |
| Driver . . . . .                                    | 1 pce     | m      | 10 pces            |
| Driving pinion . . . . .                            | 1 pce     | m      | 10 pces            |
| Driving wheel . . . . .                             | 1 pce     | l      | 20 pces            |
| Eccentric for pivoting of coupling clutch . . . . . | 5 pces    | l      | 100 pces           |
| Endpiece, upper . . . . .                           | 1 pce     | l      | 20 pces            |
| Endshake bridle for conveyor wheel . . . . .        | 3 pces    | l      | 60 pces            |
| Escape wheel . . . . .                              | 1 pce     | h      | 5 pces             |
| Fly-back lever . . . . .                            | 1 pce     | m      | 10 pces            |
| Foot for bridge . . . . .                           | 5 pces    | l      | 100 pces           |
| Foot for date jumper, etc. . . . .                  | 5 pces    | l      | 100 pces           |
| Fourth-wheel . . . . .                              | 1 pce     | h      | 5 pces             |
| Friction spring . . . . .                           | 3 pces    | l      | 60 pces            |
| Friction spring for chronograph runner . . . . .    | 3 pces    | l      | 60 pces            |
| Friction spring for hour-recording runner . . . . . | 3 pces    | l      | 60 pces            |
| Gib . . . . .                                       | 1 pce     | l      | 20 pces            |
| Guard pin . . . . .                                 | 3 pces    | l      | 60 pces            |
